## Description:

The Japanese dramatic art of Noh has a rich six-hundred-year history and has had a huge influence on Japanese culture and such Western artists as Ezra Pound and William Butler Yeats. The actor and playwright Zeami (1363–1443) is the most celebrated figure in the history of Noh, with his numerous outstanding plays and his treatises outlining his theories on the art. These treatises were originally secret teachings that were later coveted by the highest ranks of the samurai class and first became available to the general public only in the twentieth century. William Scott Wilson, acclaimed translator of samurai and Asian classics, has translated the Fushikaden, the best known of these treatises, which provides practical

instruction for actors, gives valuable teachings on the aesthetics and spiritual culture of Japan, and offers a philosophical outlook on life. Along with the Fushikaden, Wilson includes a comprehensive introduction describing the historical background and philosophy of Noh, as well as a new translation of one of Zeami's most moving plays, Atsumori.

This is an excellent translation of several of Zeami's central works on Noh drama. This should be regarded as highly as Aristotle's work *On Poetics*. Although 800 years old, there is much here of value not just to an actor, but to anyone who wants to reflect on the Theatre of Life and their place within it. The Amazon narration choices leave out any settings for a translated manuscript that cites multiple authors, often citing other authors and commenting. This is a work that the reader can return to time and time again, and come away with something fresh each time.

The Spirit of Noh: A New Translation of the Classic Noh Treatise the Fushikaden in Literature and Fiction pdf books

## **The Spirit of Noh: A New Translation of the Classic Noh Treatise the Fushikaden**
